President George W. Bush
The White House
1600 Pennsylvania, NW
Washington, D.C. 20500

Dear President Bush:

One of the provisions in S. 4 will severely complicate efforts to keep the traveling public safe and secure.

We believe that providing a select group of federal airport security employees with mandated collective bargaining rights could needlessly put the security of our Nation at risk. Moreover, nowhere in the 9/11 Commission Report did the Commission recommend that Transportation Security Administration (TSA) employees be allowed to collectively bargain. We need an airport security workforce that is productive, flexible, and accountable.

TSA employees at our Nation's airports currently enjoy the ability to unionize and are afforded a fair and balanced working environment.

If a bill is sent to you with such a provision, forcing you to veto the bill, we pledge to sustain your veto.

Sincerely,

President George W. Bush
